## **ROCA INTRODUCES ARGOS**

Miami, Florida—Roca announces the launch of Argos, a through-body porcelain tile with a contemporary, metropolitan design. The collection presents a three-dimensional finish that is durable, frost resistant, environmentally friendly and requires little to no maintenance.

Argos is presented in 3 rich colors of Antracita, Beige and Titanium, and available in 13x13, 13x24, and 18x18 size tiles. Beautifully designed borders and mosaic tiles complete this line, allowing for customized installations.

Argos was designed with a V4 shade variation, allowing for random color variation from tile to tile. Argos is ideal for commercial and residential installations, as well as recommended for both indoor and outdoor applications.

Argos is available through-out the United States and Canada.
